Judo, boxing, or Brazilian Jiu-Jitsu classes. These are considered the more practical and popular martial arts than tae-kwan-do.

It was great down range to use the computers to reach home. Back here we don't need it, we have the economy and don't mind paying extra to get off post also away from our army life.

Better hours at the Community Center/Gym. Currently the community center is only open until 2000. In actuality, the same might be said of a number of programs across the base. It seems to me that everything closes entirely too early (at or before 2000).

Give single soldiers more money for COLA, it doesn't make any sense for getting so little compared to married soldiers. Single soldiers should not be forced to eat in the DFAC and get meal deductions, everyone should have at least a 0 rate COLA and get separate rations, Thanks

Golf Course.

The Bowling Center needs to be improved. Service in the Food & Beverage requires a lot of improvement. The Bowling Center is not kept clean. Tables and floors are always dirty. Pro Shop needs to upgrade what bowling balls are available for purchase. It also needs to be renovated or made more attractive to the customer.

A facility to provide a good breakfast menu during the week.

Longer schedule for Youth Baseball. Schedule of only 5 games per season is not productive for the child. Two weeks of practice and five week season.

I am a civilian employee and i also play music in a band. I find it very difficult to deal with MWR when it comes to being contracted for events. Also there are so few events these days it does not make it worth buying the special insurance that MWR asks for for being contracted to play music. There are very very very few events for live music anyway. Also there was a very fine facility in the ABRAMS building in Schweinfurt for people to go to and have music practice rooms and for bands to practice and the equipment was very fine. But after the last employee left some years ago it was closed and could not be used anymore. WHY??? Bring back the NCO club systems and stop the madness with no smoking in a NCO club. Bring back the good old days when bands played in the NCO clubs and soldiers had somewhere to go on weekend nights on post instead of going off post and getting into all kinds of trouble.

MWR seems to be understaffed. When we've attended special concerts, block parties, etc, it seems the staff is rushing to get ready at the last minute. Many events are poorly promoted and thus poorly attended. On the other hand, most of the MWR staff we've had contact with are very hard working and dedicated. There's just not enough of them.

I would like to see a swimming program implemented (if not a swimming pool- then access to a pool offpost) for exercise and fitness.
The arts and crafts center provides a wonderful array of creative oppurtunities but the facility is too small.
The Eddie's Restaurant on Conn Barracks at Conn Community Club and the Eddie's Family Restaurant on Ledward barracks is very substandard in quality of food and service. The restaurant also caters many Army and MWR events, often because it is the only option for Americans here. I very much dislike the food they offer at such events.
I would like to see a community running club start.
I would like to see more running races throughout the winter.

I have lived in the Schweinfurt Community for over 3 years now and I would really like it if we could do something a little bit more for our children. For example, we have a Burger King on Conn but no playground for the children to play on, we do not have a Book store where we could take out kids all we get is a very small section in one of our shoppette's with a very small selection of books to purchase. And as far as Day care goes well, it is very limited in this community. I have only had to use the CDC for my younger child and to get him into the program was a real headache. He is now in school and my daughter in the middle school so thank god I have to no longer deal with the CDC, but for all the other families who do I think this should really be looked into. I mean you can not put yourself in for full days care unless you and your spouse are employed, okay understandable, but what do you do with your child when you get hired somewhere and are on a waiting list to get your child into full time care, or even before and after school care. You have finally gotten a job and no where to put your child.... This has been a very big problem in our community.
Thank you.....

I have often been frustrated at the variety of programs and trips that are offered at other installations that we are not close enough to take part in, such as attending Medieval Festivals or better restaurants. I would love a more main stream sit-down type restaurant here, a place to eat a decent breakfast other than Taco Bell. It would be nice to have a better way to access what is nearby to do and see and how to get there. I feel like there is nothing here to do or see or go because of the language barrier and the vague way that our installation seems to let us in on what there is do access.

Childcare is a definite problem in Schweinfurt, SAS & CDC. It would greatly benefit family members and soldiers to have air conditioning in the library. I encourage my kids to spend time in the library reading and participating in the summer reading program. It is not enjoyable in the heat of the summer.

The dance and sports programs in Schweinfurt are wonderful. The instructors and volunteers are terrific! My only request is that they have later times for practices. My children have had to opt out of many activities because I couldn't get them to practice after work.

Would like to see a regular aerobics instructor (step class) in the community. I have had only one step aerobics instructor in the 4 years that I have been in Schweinfurt and she was only with us for I believe 4-6 months and she taught classes for free. Katherine is an outstanding aerobics instructor, never complaints and does not get paid.

CHILD CARE

Overall Comment

Better post access for BK residents. BRING BACK OUR PROGRAMMING OUT HERE. We still live here. We are not all gone and most of us CAN'T get in for programming on post. Those of us with children can't make it in for playgroups, etc. that are "On Post".

I would like to see availability open up in hourly child care so stay-at-home parents can use more MWR facilities, such as fitness centers and craft shops. I would use the gym EVERY DAY if I had someone to watch my toddler for an hour or two.

Consider offering more of your Parent's Night Out options and getting the word out about them sooner to the community. By the time I hear about when the next one is, it's OVER or I can't make plans fast enough.

Please consider some different company for dining options on post. Eddie's isn't that great. My son has gotten sick from undercooked food twice. They are the only place available on BOTH POSTS now. When did we lose our options?

ACS Concerns We do not get a lot of info - not a very active FRG, they were not helpful AT ALL with my job situation, they were actually very discouraging

Overall Comment

I think that some of the activities are good, it is just hard to find out about them. If I had not started working somewhere that I had access to the community emails, I would never know anything going on. I also live very far to do much on post. Unless it was something extraordinary (like the welcome home ceremony), we just do not come back to post much. It takes too much gas. Also, we do not have children at home, but we do have a dog. I would like to see more pet-friendly activities. I know in Wuerzberg recently they had a pet festival. That would be nice to see here. I also felt very frustrated when I was on my job search because I went to ACS and they told me that my experience was too specific and I would have a hard time finding a job...that didn't help me much. I think they need to assist more with helping people gear their resumes in such a way that the skills that are more applicable to a job over here. Finding employment as a spouse is very difficult over seas.

We have an outstanding MWR Program. I would really like to see a Skatepark implemented...we have a large numbe of skateboarders, in-line skaters, and trick bike riders that would truly benefit. I feel this is the trend of our youth's future. Extreem sports are the programs that are interesting not only our youth, but also our young soldiers. We need to stay current in our thinking and marketing. Thank you.
